

607 TD Feeding Conveyor

Hygienic feeding conveyors with an integrated 607 TD metal detector — for blocks and fresh meat going to grinders, mixers and processing equipment.

BELT WIDTH

Custom

Built to your needs

SPEED

0-25 m/min

Standard • 0-50 m/min option

PROTECTION

IP68 / IP69K

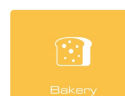

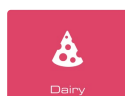

Daily high-pressure washdown

BUILT

In-house

Conveyor + 607 TD detector

APPLICATIONS — FOR ALL FOOD INDUSTRIES

OVERVIEW

Detectronic builds both metal detectors and conveyors in house. The feeding conveyor carries blocks or fresh meat to grinders, mixers and processing equipment, with a 607 TD metal detector integrated in the belt. Length, belt width and infeed are built to your line, and the conveyor is made for daily high-pressure washdown.

Conveyor

- Flat belt, modular belt or flights
- Closed or open surface
- Flip-down side guides

Detection

- 607 TD metal detector integrated
- Detector built to any size
- Electrical interface to any machine

Hygiene

- IP68 / IP69K
- Built for chlorinated washdown
- FDA / USDA / NSF approved materials

TECHNICAL DATA

Conveyor length	Custom
Belt width	Custom — to your needs
Belt type	Flat belt · modular belt · with flights
Speed	0–25 m/min standard · 0–50 m/min option
Metal detector	607 TD, aperture to suit the product
Infeed table	Custom
Power supply	110 V · 220 V · 400 V · 480 V
Protection	IP68 / IP69K
Ambient temperature	–5 to +45 °C

OPTIONS

Belt scrapers

Covers

Chutes

Drip pans

Deviators

Pack-out tables

BUILT TO ORDER

Every feeding conveyor is designed around your product, line and space.

COMPLIANCE

CE marked. Supports your BRCGS, IFS, HACCP and FDA requirements. Food-contact materials to EC 1935/2004 and EC 2023/2006.

In production: feeding a processing line

Modular belt with flights

WHY DETECTRONIC

Reliability and stability since 1986. Family-owned and made in Denmark, installed in food plants worldwide.

SERVICE & SUPPORT

Installation, calibration, service and spare parts from Detectronic and trained local partners.
